Function

Propose, articulate, and sustain university policy regarding all student international programming. Advise the International Vice President and university in policies and practices that will enhance and support BYU's overall philosophy for international study, i.e.:

- Evaluate and make recommendations on curriculum
- Evaluate and make recommendations about student preparation for international study programs
- Advise program managers on matters of budget, financial policy, and faculty benefits
- Help to evaluate and make recommendations on overall successful programming
- Assist in evaluating practices to assure student and faculty health, safety, and liability coverage while on international study programs
- Evaluate requests for exception to policy in any of these areas
