**Function**

To foster communication on advisement issues, increase awareness of University advisement policy, provide recommendations for modification of advisement policy, increase collaboration and exchange between organizations providing advisement, and recommend and foster training and continuing education for advisement personnel. The OAC also encourages the continued development of advisement resources and seeks to ensure quality services are provided to students in a timely and beneficial fashion. The OAC functions under the direction of the University Advisement Council and University administration.
