2. An abbreviated CV to be attached to this packet. The CV should be no more than 5 pages, focusing on the areas most relevant to the award.
3. A Student Ratings Summary Report to be attached to this packet. The report should include all student comments for all courses taught in the previous 5 years.

Faculty members may not be nominated for more than one award in any given year, with the exception of the Karl G. Maeser Distinguished Faculty Lecturer.

Award Description

This award encourages and acknowledges outstanding promise and contributions by junior faculty in scholarship* and teaching. Preference will be given to nominees who have not yet received CFS.

To be eligible for this award, an individual should have been a faculty member at BYU for at least 3 years, but not more than 10 years, and hold the rank of Assistant or Associate Professor.

*Scholarship criteria will differ among disciplines. Please see Rank and Status Policy 3.3

Nomination Questions

To be answered by a member of the nominee's department or college.

Please remember that although many awards are designed specifically to acknowledge meritorious performance in a single area of faculty responsibility, all nominees should be exceptional in all areas of faculty responsibility according to department, college, and university standards for continuing faculty status (CFS) and for the academic rank they hold.

Please fill out the following three pages and answer all questions thoroughly. No additional documentation is needed for this portion of the application.

General Guidelines:

- Shorter is better, try to stay at or below the suggested word count for each question.
 - Carefully review the award description before writing your nomination.
 - Include quantity and quality standards so that reviewers from outside the discipline have context for evaluating the nominee's contributions.
 - Provide enough context that reviewers from across campus can understand and evaluate the nominee's worthiness for special recognition.
 - Heavier weight should be given to the "award criteria" question(s).
