Nomination Packet Guidelines

A nomination packet consists of three parts:

1. **Nomination Questions:** This section consists of 4 questions relating to the candidates' qualifications for this specific award. These are to be answered by a member of the nominee's department or college. See guidelines in the Nomination Questions section of this form for more information.
2. An abbreviated CV to be attached to this packet. The CV should be no more than 5 pages, focusing on the areas most relevant to the award.
3. A Student Ratings Summary Report to be attached to this packet. The report should include all student comments for all courses taught in the previous 5 years.

Faculty members may not be nominated for more than one award in any given year, with the exception of the Karl G. Maeser Distinguished Faculty Lecturer.

Award Description

This award is presented to professorial or professional faculty members who have demonstrated sustained service and personal sacrifice to the BYU community. Many faculty members have established fine reputations as teachers, scholars, or other service professionals but have also been called upon to interrupt their regular academic pursuits to chair university committees, take temporary administrative positions or in other ways spend years performing a variety of essential but unsung services for the university. Some—primarily faculty members who have given service in long-term administrative assignments they never sought—fulfilled these assignments with distinction and willingly returned to the ranks of the faculty when their administrative appointments were over.

Recipients of this award should be outstanding faculty members who have made a truly distinctive and significant service contribution to the university. They must have CFS and at least 15 years of service as a faculty member at BYU to be eligible.

Nomination Questions

To be answered by a member of the nominee's department or college.

Please remember that although many awards are designed specifically to acknowledge meritorious performance in a single area of faculty responsibility, all nominees should be exceptional in all areas of faculty responsibility according to department, college, and university standards for continuing faculty status (CFS) and for the academic rank they hold.

Please fill out the following three pages and answer all questions thoroughly. No additional documentation is needed for this portion of the application.

General Guidelines:

- Shorter is better, try to stay at or below the suggested word count for each question.
 - Carefully review the award description before writing your nomination.
 - Include quantity and quality standards so that reviewers from outside the discipline have context for evaluating the nominee's contributions.
 - Provide enough context that reviewers from across campus can understand and evaluate the nominee's worthiness for special recognition.
 - Heavier weight should be given to the "award criteria" question(s).
