Nomination Packet Guidelines

A nomination packet consists of three parts:

1. **Nomination Questions:** This section consists of 3 questions relating to the candidates' qualifications for this specific award. These are to be answered by a member of the nominee's department or college. See guidelines in the Nomination Questions section of this form for more information.
2. An abbreviated CV to be attached to this packet. The CV should be no more than 5 pages, focusing on the areas most relevant to the award.
3. A Student Ratings Summary Report to be attached to this packet. The report should include all student comments for all courses taught in the previous 5 years.

Faculty members may not be nominated for more than one award in any given year, with the exception of the Karl G. Maeser Distinguished Faculty Lecturer.

Award Description

This award recognizes the contributions of adjunct faculty who have demonstrated excellence in teaching. It intends to acknowledge the important role that adjunct faculty play in the life of the university and in its ability to achieve the Aims of a BYU Education in the lives of students.

To be eligible for this award, an adjunct faculty member must have taught at BYU over a period of at least 5 years.

Nomination Questions

To be answered by a member of the nominee's department or college.

Please remember that although many awards are designed specifically to acknowledge meritorious performance in a single area of faculty responsibility, all nominees should be exceptional in all areas of faculty responsibility according to department, college, and university standards for continuing faculty status (CFS) and for the academic rank they hold.

Please fill out the following three pages and answer all questions thoroughly. No additional documentation is needed for this portion of the application.

General Guidelines:

- Shorter is better, try to stay at or below the suggested word count for each question.
 - Carefully review the award description before writing your nomination.
 - Include quantity and quality standards so that reviewers from outside the discipline have context for evaluating the nominee's contributions.
 - Provide enough context that reviewers from across campus can understand and evaluate the nominee's worthiness for special recognition.
 - Heavier weight should be given to the "award criteria" question(s).

Nomination Questions

1. (450 words) Award Criteria Question: How has this candidate demonstrated excellence in teaching over a period of at least 5 years?

2. (450 words) Award Criteria Question: How has this candidate contributed to achieving the Aims of a BYU Education both generally and in the lives of students? Contributions to all four aims should be addressed.

3. (Optional) Candidates should be exceptional in all areas to be considered for any university award. If not already described above, please identify here how this candidate is exemplary in teaching, citizenship, and scholarship/professional service according to their college or department standards. (max 300 words)

Abbreviated CV

Please attach the abbreviated CV (no more than 5 pages) and highlight the areas most relevant to the award.
